- Strong problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.

ADDITIONAL ACTIVITIES

Participated in Hackthon

Hackathon (SIH2022)

2022

A hackathon is an event where teams collaborate to create a working prototype or solution for a specific challenge. It typically lasts a few hours to a few days and is sponsored by companies or organizations. Participants bring their skills to the table and learn from one another while working towards a common goal. Prizes may be awarded, but the primary motivation is the opportunity to collaborate and develop skills in a supportive environment.
